

# The Greenville

The Greenville by American Spirit combines traditional style and design with modern living amenities. True to form architectural details bring this home to life and remind you of a simpler time, and simpler living. This time-honored distinctive home is full of all the features you and your family need, at a price you can afford. Features include a flexible kitchen/dining space, upper level laundry or computer space options, and a bonus room that can be configured for a fourth bedroom, rec room, or home office.

In short, this home offers comfortable living, with plenty of customizable features, individualized for the way *you* live.
